

## MSA Architects Visual Rendering Specialist position available!

June 17, 2017

As a result of firm-wide growth, new client acquisition, and ongoing work from established clients MSA Architects is expanding our permanent team. We have an immediate opening and are seeking a candidate to fulfill the role of **Visual Rendering Specialist / Project Designer** for our Cincinnati office.

**3-10 years of post-graduation experience** with a professional firm.

**2 years minimum of experience working with 3D Studio Max software –MANDATORY**

**Ability to create and import new textures into 3d Studio** as well as an ability to create custom tileable textures in photoshop.

**Advanced knowledge and capability in building, texturing, lighting, and rendering** a scene for use in building design presentations.

**Experience in one (or several) of our market areas or interest in working on these project types**  
We encourage candidates to review our website portfolio at [www.msaarch.com](http://www.msaarch.com) for examples of our work.

**A person of high integrity** willing to follow through with commitments, honors their word, and embodies the character exemplified by MSA leadership and team members.

**Excellent listening skills**

**A self-starting, positive, dynamic, active,** outgoing personality.

**A flexible, easy-going person** of a collaborative nature who will work well with our Principals, Leadership, and Team members.

**A passion to pursue design excellence,** regardless of size, scope, or type of project.

**REVIT/BIM and 3D Studio Max modeling capability and Adobe Photoshop fluency is required** and ability to adapt to the latest software tools and resources required to practice Architecture and Design in the 21st century.
